Dear Jo,

Thank you for coming in last Friday.  
I really enjoy you teaching us about Fairtrade, and how important it is to buy fairtrade food and drinks I now know where my food is coming from and how grateful we are to have fairtrade amounts of money unlike people in Africa who are getting about £35 pounds a month. I now think how lucky we are.

I really liked the part when you were telling us about the fair trade sign. How if you turn it is a pretzel face and if you turn it back it is a person waving, and in the background is the world. I liked when you did the BTC (big tea company) and LTC (little tea company) how the companies have the money with the money (chocolate).

I really enjoyed your visit to Long Crendon School. I hope you did as well I hope you can come soon to teach me more about fairtrade.  
See you soon.

From Jed
